*The largest campervan, motor home and 4x4 camper rental in
Iceland providing 74 vehicles*

News

Left: Highland (Landmannalaugar - Hrauneyjar). Right: Keflavik midnight sun.

Day tours

We offer day tours for our customers. Tour operators and travel agents can book our tours separately or in combination with a camper rental. Please check our day tours on page 4 and 5 for more details.

Camping kit and the new name

We have updated our camping kit with a bigger pan, better cutlery and the all new Gimex unbreakable dishes (made in Germany). The new name for the camping kit is personal kit. The price depends on the vehicle type and now also includes a bath towel.

The personal kit is cleaned with a hotel dish washer after each rental.

Vehicle types

Camper Iceland offers most of the vehicle categories available on the Icelandic market. Our well known rental station will handle all motor home and 4x4 camper bookings. If a different category is chosen, Avis / Budget will be responsible for your customer.

How and where

Camper Iceland will continue to instruct every vehicle at Grófin 14c in Keflavik only 5 minutes from the international Airport. We also offer to bring the motor home or 4x4 camper to Reykjavik, Akureyri and Egilsstaðir for an extra fee.

All other categories can be picked and dropped off at several locations owned by AVIS / Budget.

Opening hours

We offer late and early pick up for an extra fee. The most convenient way to pick up a motor home or 4x4 camper is on daytime and at our station. The super markets are open then and we can provide the best instruction. After all an instruction takes approx. 30 minutes.

Lounge

Our lounge has been updated with more seating capacity as well as free coffee and fresh Icelandic water for your customers convenience.

Day Tours

SUPER JEEP AND VAN

2012 DAYTOURS

Day tours and shuttle

Reykjanes Day Tour

T001: Light houses – Hot springs – History – Blue Lagoon

Visit the unique peninsula Reykjanes with the world famous Blue Lagoon.

First we will discover the Kleifarvatn-lake and the hot springs of Krýsuvík. Driving along the South shore of Reykjanes we'll pass Grindavík and find another hot spring, called Gunnuhver and the light house Reykjanesviti, where many different birds are breeding at the cliffs and we will also walk across the bridge between the Eurasian and North American continental tectonic plates. After passing Hafnir, another light house at Hvalsnes can be discovered. Through Sandgerði we'll reach Garður and visit the third and fourth light house. The Viking ship "Icelander" is a museum in Njarðvík, which we'll visit after lunch. Afterwards you can relax in the world famous Blue Lagoon and we'll drop you off at your accommodation.

Included: From 09:00 until 18:00 latest

Super jeep or van tour, guided in English or German. Entrance fee for the Viking museum and the Blue Lagoon. Pick-up and drop-off at your accommodation in Reykjanesbær or at Camper Iceland.

PERSONS	1	2	3	4	5	6	7	8	9	10
Super Jeep	€649	€355	€280	€199	N/A	N/A	N/A	N/A	N/A	N/A
Van	€639	€345	€270	€195	€185	€175	€165	€160	€155	€150

Blue Lagoon Trip

T002: Shuttle to the Lagoon and back

Instead of waiting at the airport, return your vehicle to the rental station and relax at the Blue Lagoon

Camper Iceland offers a free of charge suitcase storage. We drive you to the Blue Lagoon and later back to the airport.

Included:

Super jeep or van shuttle, entrance to the Blue Lagoon

Pick-up and drop-off at your accommodation in Reykjanesbær or at Camper Iceland.

PERSONS	1	2	3	4	5	6	7	8	9	10

Our Fleet

MOTOR HOMES, 4X4 CAMPERS AND MORE

Find the right vehicle

Camper Iceland is the biggest motor home and camper rental station in Iceland with a couple of different vehicle types.

We would like to give you an understanding of our types, so you have an even better knowledge for your customers.

4x4 CAMPER LUXURY

Camper Iceland is yet the only provider of this very fine group but what is the difference between a luxury camper and the “normal one”?

Vehicle (Truck)

The truck is based on the Dodge Ram 2500 Cummings Diesel or Ford F350 Powerstroke Diesel. The engine consumes less or similar to the normal 4x4 camper but is much stronger. All our trucks are 4 door and 5 seat models.

Camper

It is built for 4 adults although the lower bed is a bit smaller than the upper bed. Inside the camper you will find a toilet and a warm water boiler (some models are gas heaters and others 220 V). The vehicle is very heavy so it should be driven even slower than the normal 4x4 camper. Therefore the luxury camper is not only suitable

for the highland but combines the high standard of a Fiat Ducato and the roughness of a 4x4 vehicle.

4X4 CAMPER

Camper Iceland changed all the jack up roof campers in 2008 and 2009. The newly hard side camper has grown to be the most popular vehicle in our fleet.

No more jacking up the roof, loosening screws or unbuckle. The hard side camper stands alone and is fully equipped. A 2 way gas stove, heating system, large queen-size bed and a table that modifies to a third bed.

Although the producer sells it for 4 persons we call it a 3 berth model. All our trucks are 4 door and 5 seats models (Dodge Ram 6 seats). A 4x4 camper is a perfect vehicle for people who want to be able to go into the highlands but due to its weight it should be driven carefully. The vehicle is awesome but should not be mistaken for a Fiat Ducato. The 4x4 is more something for rough, highland experienced drivers or first timers with a sense for it.

FIAT DUCATO 4, 5 and 6-7

Our Fiat Ducatos meet the highest standards in the European motor home industry. These vehicles are

exceptionally well equipped. A warm water boiler, heating system, stand alone shower, radio-CD player, mosquito nets, security nets for upper beds, etc. The fuel consumption is between 9-14l per 100 km and is one of the most economical way to travel around Iceland in your own hotel on wheels.

EURO CRUISER

The all American Dodge Van has been very popular since 2003. It is fun to drive because of its large V8 and captain chairs. The automatic transmission with cruise control lets you glide similar to a magic carpet. Although these vehicles are model 1996 until 2002 they are still in a good state. A wonderful option for customers that want to see Iceland and do not need the high standard similar to the Fiat Ducato. There is no shower and only a porta-potty (portable toilet) but a good fridge, a heating system with a thermostat, a 2-way gas stove such as a powerful cassette player with radio. Most of our customers choose it because of the price as well as its strong engine and comfort driving it. These vehicles are built tough.

Other vehicle groups

Unless otherwise specified all other groups are provided by AVIS or BUDGET car rental. The Pick up location is next to the Airport (Keflavík).

Service and Extras

Customer Service

To Camper Iceland, customer satisfaction is most important. With dedicated employees any customer service request will be answered promptly and professionally. All inquiries should be sent to customerservice@camper.is

Child Seats & Boosters

We have several child seats and child boosters on the spot. There is no need to book it in advance. Please refer to the price list for detailed pricing.

Additional Driver

All reservations must be under the lead driver's name. The lead driver must be present at the time of rental and must be the main credit card holder. Additional drivers can be registered for an additional fee. All drivers must be registered on the rental agreement at the time of rental for them to be insured. Unregistered drivers are fully responsible for all damages while they are driving and all insurance is not applicable.

Luggage Storage/Trailers

We have a separate room for storing luggage. This is very helpful for fishing gear or larger baggage that our customers do not want to take with them on the trip. We do not take any responsibility what so ever. Trailers are available on request with certain cars in groups M, O and J only. The trailer is only available in combination with a car rental.

GPS Tracking

The vehicle can be equipped with a GPS security device. The GPS

tracking unit is a device that uses the GPS to determine the precise location of a vehicle and to record the position. Neglect of the Icelandic traffic law can be reported to local authorities. Controlling the data is part of the check in process. The lessee will be held responsible if the vehicle was driven to fast and/or into areas prohibited by the lessor.

Environmental Fee

An environmental surcharge applies to all rentals.

Pick Up / Drop Off Fee

We recommend all our customers to pick up the vehicle (Motor Homes and 4x4 Campers) at our rental station in Keflavik and return it to the same location. Our customers often have needs (extra covers, blankets, camping stuff , etc.) that are only available at the rental station in Keflavik. All other categories can be picked up at the AVIS and BUDGET stations.

Airport Service Charge

We do not charge an airport fee simply because our customers take a taxi to our rental station at their own expense (between 1.000 and 1.600 ISK approx. 10€).

Returning the Vehicle

In case of damages or breakdown the customer should inform our rental station a minimum of one day earlier. The check in procedure takes between 20 minutes and one hour. If the vehicle is damaged it can take longer. The vehicle should be cleaned inside such as outside and all personal belongings

removed from it before the check in. After the check in procedure has been concluded we can order a taxi or the customer can use our shuttle service to save money. Our shuttle service costs 1.000 ISK per party (not per person but per rental agreement).

Reservations

Our Agents can reserve directly and online. Please check our agent area www.camper.is/agent if you do not have a log in please [c o n t a c t customerservice@camper.is](mailto:customerservice@camper.is) or fill out the form in the agent area.

Seasons / calculation

The season is defined by the exact date (not by the first or last rental date).

Modification / Changes / Additions

For changes, additions and modifications please contact our booking agent (page 2).

Cancellations

Camper Iceland should be advised of any cancellation of a booking as soon as possible. Please send us an email in case of cancellation because the online system does not offer a cancellation mode. Camper Iceland charges the following cancellation fees: 60 days before rental date and more 50%, 59 – 25 days before rental date 75%, 24 – 0 days before rental date 100%

Availability

Camper Iceland reserves the right to substitute a comparable or superior vehicle at no cost to the customer. Such action by Camper Iceland does not constitute a breach of the

vehicle conditions/contract and does not entitle the renter to any refund. If no alternative vehicle is available, Camper Iceland liability is limited to the return of all payments made.

Payment terms / Voucher

You'll receive the vouchers approx. 30 days before departure and after full payment. Only vouchers issued by Island Tours Switzerland will be accepted.

Account information

Bank account information will be provided with the invoice. All available extras are also payable at the rental station.

Personal Kit

All you need for cooking, eating and sleeping is included. We also provide the customer with a 9 Kg gas bottle (LP).

All rights reserved / Feb 2011

General Terms and Conditions

Vehicle Type

The cars listed are examples only. Reservations are to be booked by car group only. If the car confirmed is not available at the time of rental, we will provide a similar or superior vehicle at no extra cost.

Credit Card Required

No rentals can take place without the main driver having a major credit card present.

Rental Extension

Should a renter wish to extend the rental, it is recommended that such a request is made at our location as soon as possible so that every effort can be made to accommodate the request. Any extension of rental must be paid at local rates to our location before the extended rental period starts.

Vehicle Delivery

We undertake it's utmost to provide the vehicle at the agreed time and to ensure that it meets the requirements made upon it. However, we cannot provide any compensation if the car delivery is late according to reservation. All rentals are on a daily (not 24 hour) basis and the renter will be compensated by late return instead.

Upgrades

Customer requesting upgrades will be charged the difference between the

rate of the car group reserved and the rate of the car group requested.

Damage Theft and Accidents

In the event of a car breakdown, theft or accident the emergency number (on rental agreement and key chain) must be contacted immediately. In the event of an accident, the police must be called to the scene so that a correct and official police report can be made. If damages occur to the vehicle while it is stationary and the driver is absent (e.g. car is parked), the driver must go to the nearest police station to report the damage. The same procedure applies should the vehicle be stolen.

Driver's License

The driver must present a valid driver's license held for a minimum of one year at the time of rental. An International Driving Permit (IDP) / International Driving License (IDL) is also required if the national driver's license is not in the Roman script.

Age Restrictions – Minimum Age

25 – 75 years, under aged drivers (20-24 year old) will be charged with 100€. We require a one year old and valid driver's license.

Methods of Payment and Deposit

No rentals can take place without the main driver having a major credit card present issued in his name. Acceptable credit cards are: MasterCard, Visa, American Express and Diners Club. Prepaid credit cards are not acceptable! An authorization from the credit card will be taken at the start of all rentals as a deposit even if the cost of the rental is covered by a voucher. This deposit may be used to cover the insurance excess and any extra charges such as petrol and traffic tickets. Cash payment is not accepted at any time. It is essential to inform your clients accordingly. We will not rent cars without a credit card from the main driver.

Driving Restrictions

(Further area restrictions are at any time and expressly reserved) In addition to all advisory by the Icelandic Road Administration all vehicles except the 4x4 models are not allowed to be driven on roads marked F on official maps as well as Kjölur (Road 35), 393 (Öxi), 520 (Dragafell), Kaldidalur (Road 550) and all back roads. Should these restrictions be ignored, all insurances (Third Party Liability, CDW, etc.), shall be deemed, invalid. The driver will be held fully responsible in case of accidents or collision, including the cost of repair of the damaged vehicle and the cost of

towing. In the event of violation of these provisions – even if no damage occurs – we will impose a fine. This does not affect the liability of the renter to pay for damages. Should a car be spotted on a road on which it is not allowed, a fine will be imposed by us – even if no damage occurred. The fine currently amounts to ISK 100.000. This fine does not affect the liability of the renter to pay for damages. ATH: Due to the sand and volcano ash we cannot guarantee an airtight vehicle. All Motor HOMES AND CAMPERS have breathing holes because of electric and gas equipment. Driving in dusty conditions could cause the vehicle to fill or leave traces of sand, dust or ash.

Fuel Price

All cars are rented with a full tank. If the car is not returned with a full tank an additional charge applies. Prepaid fuel options are available at selected rental stations.

Reservations

Online system

Feel free to book online. Our homepage www.campericeland.is is easy to find.

Reservation Checklist (For E-Mail reservations)

When making your reservation, check that you provide the following points:

- Name, Address, E-Mail, Phone
- Type of vehicle required (please use car group letters)
- Date and time of pickup
- Location of client's pick up
- Flight details are mandatory (if you do not have a flight yet let us help you find one)
- Date and time of vehicle return
- Location of vehicle return
- Any extras or special requirements
(these are always to be paid by the renter locally)
- 200 Km or unlimited
- How many passengers are traveling

Vouchers

After full payment, is-travel - Island Tours will provide a valid voucher. Please bring it with you.

Overlapping Seasons

The price of a rental is always calculated by the exact day. This means for example if a rental starts in high-season and ends in mid-season the high-season price will be charged for the high-season day's only.

Modification to Bookings

Any modification is to be done by email directed to our Reservations Department (info@campericeland.is)

Cancellations

The Reservation Department should be advised of any cancellation of a booking as soon as possible. We reserve the right to charge the following cancellation fees:

50% of total reservation value if cancelled 60 days before the start of rental or more.

75% of total reservation value if cancelled 25 to 59 days before the start of rental.

100% of total reservation value if cancelled 0 to 24 days before the rental and for "no-show"

Availability

We reserve the right to substitute a comparable or superior vehicle at no cost to the customer. Such action by us do not constitute a breach of the vehicle conditions/contract and does not entitle the renter to any refund. If no alternative vehicle is available, liability is limited to the return of all payments made.

Net Rates Masked

All documents including the rental agreement will have the net rates of the rental masked. Only additional charges to be collected from the renter directly will be shown.

Accidents, Damages and Emergencies

Damage, Theft and Accidents

In the event of a car breakdown, theft or major accident the emergency number must be contacted immediately. The emergency line is staffed 24/7 and the number can be found on the key chain. In the case of an accident, the police must be called to the scene in order that a correct and official police report can be made. If damages occur to the vehicle while it is stationary and the driver is absent, the driver must go to the nearest police station to report the damage. The same applies should the vehicle be stolen.

Car Breakdown

In the event that the vehicle malfunctions owing to wear or other reasons for which the renter is not responsible, Camper Iceland will supply him with another vehicle as soon as possible or ensure that a repair is to be completed as soon as possible at a location specified by Camper Iceland. The above does not affect the payment of the rent or any other charges payable by the renter hereunder. Camper Iceland pays no damages in cases such as provided herein, neither for accommodation nor other things. Malfunctioning gas heating, gas stoves, ovens (incl. microwave) and other motor home or camper equipment is not considered a breakdown.

Cost of Damage

Damages are generally payable at the end of the rental. However, if a vehicle is so badly damaged that it will have to be replaced, Camper Iceland asks for settlement of the damage before a replacement car will be provided. The renter is responsible to inform Camper Iceland about any damages that have occurred to the car. Camper Iceland may debit the renter's bank or credit card for the rental charge and other costs payable by the renter, such as payments in respect of damage to the vehicle while in the possession of the renter. The time and terms of payment shall be the sole discretion of Camper Iceland. This right shall remain unaffected for 6 months following the return of the vehicle to the Camper Iceland. The cost of damage is determined by a price list available at all Camper Iceland locations. In the case of major damages not covered by insurance, e.g. water damage, the cost will be estimated at an authorized garage.

Car Replacement

Replacing a damaged car is subject to availability. Sometimes replacing the damaged vehicle with the same type is not possible. Such action by Camper Iceland does not constitute a breach of the contract and does not entitle the renter to any refund. If no alternative vehicle is available, Camper Iceland has no liability for refund any cost incurred by the renter. A replacement vehicle will not be provided before the damage of the last provided vehicle has been settled.

Transport of a Damaged Car

Transporting a damaged car costs ISK 350 per km for the renter. There is always a minimum cost of ISK 60.000 which the renter must cover.

Tires

Tires are always the renter's liability. If tires go flat the renter is responsible for replacing the tire with same pattern and size at the nearest tire garage. If there is no tire with same pattern available the renter is required to call the Camper Iceland phone number for instructions. Avis does not offer an emergency service for replacing flat tires.

Vehicle Condition Report (VCR)

With every rental the customer receives a Vehicle Condition Report on which all damages are marked. The customer is asked to sign the VCR and is handed a copy of the report. He has then the opportunity to check the car and ask for amendments in case of any discrepancies to the VCR. A copy of the VCR is in the car and another copy is attached to the rental agreement. This prevents that the customer gets charged for damages he is not responsible for.

Service Stations

Camper Iceland has many partner garages all around Iceland which provide help in case of damages to the rental car. In case of any problem the Camper Iceland reservation centre will provide further information.

Insurances

Third Party Liability

Third-party liability insurance and accident insurance for owner and driver consists of the amount stipulated by Icelandic law at any given time. The renter's own risk (also termed as "deductible", i.e. the amount that the renter has to cover himself towards the damage) with regard to damage to the vehicle amounts up to the full value of the vehicle.

Collision Damage Waiver (CDW)

This option limits the renter's financial liability for damage to the vehicle, its parts and accessories, except theft, attempted theft or vandalism, provided the vehicle is used according to the terms and conditions of the rental agreement. If CDW is declined, the renter will be responsible for damage up to the full value of the vehicle. All rentals are subject to a non-waivable excess, depending on the vehicle group rented, for which the customer is responsible in the event of damage to the vehicle during the rental. If he chooses to rely on a credit card for cover, we strongly recommend that he fully understands the terms and conditions of any cover provided by the credit card company before declining any of our services.

Excess insurance / Self risk insurance

The purchase of an excess insurance reduces the renter's financial liability even more. In case of a damage the customer will have to pay Camper Iceland the full amount according to the agreement (CDW 2400€). Camper Iceland will provide the customer with a detailed document package. The customer must send the document package to ERV (Europäische Reiseversicherung) in Basel Switzerland to receive the already paid amount back.

Front Windscreen Protection (WP)

The purchase of WP waives the renter's financial liability in case of any damage to the front windscreen. WP is available at the rental desk and cannot be booked in advance.

CDW, excess insurance does NOT cover:

- Intentional damage or damage owing to gross negligence by the driver;
- Damages to the interior of the vehicle;
- Damage resulting from the driver being under the influence of alcohol, stimulants or sedatives, or otherwise incapable of controlling the vehicle in a secure manner;
- Damage owing to racing or test driving;
damage owing to war, revolution, civil unrest or rioting;
damage inflicted by animals;
holes burned into seats, carpets or mats;
damage affecting only wheels, tires, suspension, batteries, glass (except for
- Windscreens (only if additional insurance is taken), radio receivers or loss by theft of parts of the vehicle and damage resulting there from;
- Damage caused by driving on rough road, such as damage to the vehicle's
- Transmission, drive, or other components in or attached to the chassis; damage to the chassis resulting from the vehicle bottoming on rough roads as a result of ridges left by road graders; stones lodged in the road surface or at the edge of the roadway. The same applies to damage from stones being thrown up and striking the underside of the vehicle during driving,
- Damage resulting from driving in places where the vehicle is not permitted to be driven, such as tracks, rough trails, in snowdrifts, on ice, across UN-bridged rivers or streams, on beaches, on causeways accessible only at low tide or in other off-road areas. However, compensation will be paid for damage resulting from the driver being forced to leave the roadway, e.g. for roadside repairs.
- Damage to passenger vehicles that occurs during driving on roads marked F on official maps;
- Damage caused by sand, gravel, ash, pumice, or other earth material being blown onto the vehicle;
- Water damage to the vehicle; also damage caused by sea spray/seawater if the vehicle is transported by sea
- Further exclusions apply. For details please refer to our full Terms & Conditions available on request such as the terms and conditions of ERV (Europäische Reiseversicherung).
