Ihre Reiseversicherung

Self Risk Insurance, provided by the European Travel Insurance (ERV)

Self Risk insurance (Self risk refunded by insurance)	€ 25
---	------

TIPP: How can you reduce the self risk? Choose the SELF RISK INSURANCE provided by our partner ERV for an additional fee. In case of a damage you will pay the SELF RISK on spot and send a claim to ERV. This insurance company will refine the self risk in accordance to the insurance policy provided by ERV. The SELF RISK INSURANCE is an addition to our waiver, hence excluded options are also excluded by it. We recommend choosing the PREMIUM insurance with the ERV insurance as an add-on.

Liability

F.e. If you hit another car by accident within the conditions of the rental agreement. The self risk of such an accident will be 200 € per incident. If you get hit by another car and it's not your fault (determined by the insurance company) you will not have to pay any self risk. The other vehicles insurance would in such a case cover your vehicle.

KASKO

If you damage the vehicle or hit another car damaging the own vehicle as well the KASKO can lower the self risk tremendously. If this option is not chosen you will have to pay up to the full value of the vehicle. **Interior**

If the interior of the vehicle get's damaged f.e. tables, doors, handles, stoves, radio etc.

Sand and ash

It covers damages caused by sand (f.e. sand storms) and ash.

Windshield

A common damage in Iceland is a broken windshield. A damaged windshield can cost 160.000 ISK. By choosing the right CDW you can lower the self risk.

Gravel Protection

Also a common damage is a small crack in the paint caused by gravel (small stones).

ALL DAMAGES ARE HANDLED PER INCIDENT, RATE APPLIES PER INCIDENT
